I. PURPOSE

The purpose of this policy is to provide guidance to the Board of Directors on evaluating the School Director.

II. GENERAL STATEMENT OF POLICY

A committee will meet with and review the School Director on at least an annual basis utilizing the board approved "School Director Review" rubric. The committee shall be called the School Director Evaluation Committee.

The committee shall consist of the Board Chair, one additional member of the Board of Directors, and one community member (who may or may not also be on the Board of Directors). The Board Member and community member will be selected by the Board Chair, and approval of the committee will be voted on by the entire Board of Directors at the September board meeting.

Prior to May 15th of each year, the Board of Directors will have conducted and completed an evaluation of the School Director. The rubric used will have been established prior to the beginning of the affected year, and will be compared with a duplicate rubric completed by the Director as a self-evaluation. The evaluation committee and the Director will meet prior to the conclusion of the evaluation to discuss any areas of conflict or areas deemed questionable by either the committee or the Director. It is recommended the Director complete a brief synopsis of his or her year, with highlights, and areas he or she feels can be improved upon.

Following completion of the review, the School Director Evaluation Committee will report the results to the Board of Directors at the next scheduled meeting.

This policy will be reviewed annually and updated as needed.

III. SCHOOL DIRECTOR REVIEW RUBRIC

A copy of the approved School Director Review Rubric will accompany this policy as an attachment.
